

Dear Friend,

As the summer unfolds to family vacations and picnics, I ask you to remember our senior neighbors who experience hunger, isolation, and physical challenges. Remember those who experience overwhelming medical bills or other financial hardships and those with limited family resources to help them make it through the day. They are among our community's most vulnerable population and must not be forgotten.

For more than 45 years, Meals on Wheels of Fairfield County has been the leading provider of nutrition and in-home support services for vulnerable seniors in our county. Since our inception in 1973, the agency has grown from serving bowls of soup to a handful of impoverished older women in the Lancaster area to serving over a quarter million meals annually and reaching thousands of Fairfield County seniors with assistance at a time when they needed it most.

The unprecedented growth required the agency to relocate to a larger facility with the capacity to meet the demand for services. The newly purchased facility needed renovations to support operations and to accommodate seniors. Every penny of the building project, including the purchase of the building, was raised through grant writing, individual and corporate donations, and fund raising efforts. While the agency has raised over 80% of the project's goal, this year's annual campaign focuses on retiring \$300,000 in project debt.

No amount is too small. Your tax-deductible donation will help retire the remaining debt on the project and allow Meals on Wheels to focus our limited resources on providing services to seniors. I invite you to join us for lunch in the new facility located in the retired Cedar Heights Elementary School at 1515 Cedar Hill Road in Lancaster to see the new facility and witness first-hand the tremendous services offered to the seniors of Fairfield County.

In gratitude for your kindness,

Howard Sniderman
Board President
